Technical Services

Why CESG?

CESG is a service-oriented Electrical Contractor formed to service the commercial and industrial market and to meet the high expectations of today's demanding end users. We strive to provide high-quality, cost-effective solutions for our clients. At CESG we take great pride in long-term relationships with our clients. We value your business and realize that we must continue to earn it, not expect it. CESG's management and staff look forward to providing solutions to your needs in a timely, efficient and enthusiastic manner.

Technical Services from CESG

CESG offers a wide variety of Technical Services to assist with implementing and maintaining today's advanced electrical distribution and control systems. Our highly skilled and trained staff can assist with all facets of today's electrical systems. We have built our reputation on our commitment to providing the most advanced and reliable electrical services in today's high demand facilities and environments.
